

Fashion Q&A

with **Kati Williamson**

Feeling flat about fashion shoes?

Q I AM desperately trying to find myself a great pair of flat shoes to wear. Can you point me in the right direction?

Lauren

A Lauren, you fail to mention what these shoes will be needed for, so I'll give you suggestions covering all styles. The flat shoe has had something of a resurgence recently due to celebrities like Alexa Chung, the skinny ex-model who now rules "yoof" TV.
